INÊS MARTINS

Inês Martins has successfully converted many projects into stunning and exclusive homes for both international and local Miami clients.

Inês has lived several years in the most important capitals of the Design world: London, New York and now Miami. In each of these cities she has found inspiration to create a unique cosmopolitan, elegant and contemporary style.

Born and raised in Lisbon, Portugal. She gets her sensibility woken up during her childhood in this magical atmosphere where the sense of art and design exists in every corner.

The love for traveling around the world, the passion for different cultures, architectures, textures and colors is what got Inês inspired to follow her career into turning blank spaces in intimate and modern sanctuary.

Inês truly believes in new ways of creating harmony and balance in a home with great attention to detail that can produce a big impact of positive energy into your life.
