

CASACOR / MIAMI

MR. O

Mr. O is the namesake of founders Rita Motta and Michael Perez, a husband and wife team. Rita, born and raised in Tuscany, is educated in classic design, architecture, and all things hand-made. Rita is inspired by old and new. A student of timeless design, her love of saturated colors, toys, and imaginary characters create spaces and objects that are a twist on the classics. Born in Cuba and raised in the pop culture mecca of New York City, Michael has a meticulous attention to detail and a love for the classics of modern design. After stints at corporate gigs, the two designers joined forces and launched Mr. O to create their own brand of happiness through design.
