ROYE

Combining the experience of interior designer Robert Zemnickis with the expertise of Yessenia Cardenas, the formation of ROYE signals a new chapter for interior design and curation in South Florida.

Both Zemnickis and Cardenas have a long history of working in the Miami/Ft. Lauderdale area, with over 30 years' worth of combined experience. Both designers have had the privilege of working internationally, with clients as far away as Europe and South America. As ROYE, Zemnickis and Cardenas regard interior design with an eye for the intimate, keeping in mind each client's respective needs and personalities when working to produce their dream home.

For all of the importance of form and function, ROYE understands that the aesthetics of a space – the way it makes you feel and the memories it may conjure – are equally as worthy of attention. ROYE regards interior design as the ultimate form of self-expression: an exterior articulation of one's inner-most self.
